

In needs of a cable storage, GRS will assist you in choosing the right system for your needs. The capacities vary from 500 up to 9,000 tons. Always depending on the specifications of the cable which needs to be stored. Furthermore Cable Carousels can also be built up on-shore as an interim storage solution. Further to on-shore storage we can source Turntables for off-shore usage as for example to mobilize same on a Vessel or a Barge. Please contact the Broker in charge to discuss your requirement and to save money and time.
